

Stop Compromising START PERSONALIZING

Discover how Phoenix's
Open-Architecture approach
helps your clients *soar*.

Phoenix was founded in 2011 with a vision to enhance the way self-funded clients benefit from their PBMs. Where traditional models prioritize profits over people, **Phoenix puts personalizing over compromising.**

It all starts with our Open-Architecture approach to pharmacy benefits, where our clients lead the conversation on how their teams can receive better care, save more, and achieve success.

ARE YOU COMPROMISING ON YOUR CLIENTS'
PHARMACY BENEFITS?

Start Personalizing

OPEN-ARCHITECTURE OPENS SAVINGS POTENTIAL

Specific only to Phoenix, our open-architecture approach empowers your clients to have a say in their plan design. By selecting key components, like vendors and cost-containment tools, they choose the elements that work best for their needs and forgo what doesn't. This enables:

**Flexible Plan
Design**

**Customizable
Formularies**

**Control of
Rx Spend**

**Greater
Savings**

Behind Phoenix's Open-Architecture is our track record of successful partnership and industry-leading savings for clients of all sizes and backgrounds.

WHAT SETS US APART?

There's one thing at Phoenix PBM we'll never change, and that's our dedication to our clients' goals and needs. When partnering with us, you are the center of our Open-Architecture approach, and our toolkit of industry-leading resources are at your disposal.

Exclusive Pharmacy Network Contracts

We are completely independent and own 100% of our contracts, which means more flexible plan design options and better overall plan management whether you choose an Open, Preferred, or Limited Network.

Honest Rebate Opportunities

Our goal is to eliminate the questions—what drugs are included, when, and how much? With Phoenix, it's simple: every rebatable drug, every time. Whatever arrangement best suits your needs, we'll do rebates your way. And we pay out faster than the competition.

Customized, Comprehensive Pricing

Whether it's a passthrough or a traditional model, Phoenix finds a way to meet your needs and save you money while offering strong plan benefits to members. We take a comprehensive approach to pricing, completely customizing a model that works for you.

Above & Beyond Customer Service

From Implementation to Account Management and Member Services, customer service excellence is integral to our culture. When you partner with Phoenix, you benefit from a relationship that grows your business.

READY TO START PERSONALIZING PHARMACY BENEFITS?

PBM Self-Funded Managed Care

From plan design to claims processing, reporting, and much more, we offer individualized solutions that are scalable to your needs.

340B Services

We are a full-service ambassador for 340B providing a simple fee-for-service model with all the compliance and regulations needed to manage this complex program.

RxAdvantage Savings Card

Our discount card program offers incredible savings on medications for members while earning perks for your organization.

Mail Order Pharmacy

A full-service mail order program offers members the convenience of keeping up with maintenance and specialty drugs without a trip to the pharmacy.

MyRxAdvocate Specialty Program

With a tiered strategy that includes assistance programs, an international pharmacy, patient advocacy, and more, we help reduce the burden of the highest-cost drugs on the market.

Calls are always answered by a live, U.S. based, full-time employee to answer your questions, address your needs, and provide insight into the ever-changing industry.

Your Free Plan Cost Analysis

From excellent customer service to thousands in prescription savings, Phoenix helps you personalize your business's success.
